Dear Michelle N. Barnett:

Subject: Results of Social Content Compliance Review

The social content compliance review for the following material(s) has been completed:

Title of Program: BELLWORK – A Daily Standards Practice, Biology / Life Science
➤ **Teacher / Student Editions, Gr. 10-12, c. 2007**
➤ **Digital Student Edition – User License & Site License –**
➤ **(2) CDROMS Alternate Format**

Congratulations! The review panel found your materials to be **in compliance** with the social content compliance requirements of the California *Education Code* sections 60040 through 60044 and 60048, cited in the State Board of Education guidelines in *Standards for Evaluating Instructional Materials for Social Content*. These guidelines ensure that materials portray democratic values, cultural pluralism, and the diversity of our population by emphasizing people in a variety of positive roles. **This approval is for social content only and does not constitute state-adoption.**

The social content compliance process does not include a review of the educational content—that review is the responsibility of the county office, district, or school that may be purchasing non-adopted materials. Any misrepresentation of this approval will result in disqualification of your material.

Please note that if, at a later date, issues arise involving the social content of your approved materials, we may require additional reviews and possible changes may be required.

Reviewers are encouraged, during their review, to submit any comments that may be helpful to the publisher. Although these comments are not citations, you are strongly encouraged to consider these comments and concerns prior to the next printing or new edition of the material in question. If comments were received regarding your materials, they are enclosed.

Materials that pass the social content compliance review will be included on the **Approved Instructional Materials Reviewed for Social Content Compliance List** on the California Department of Education (CDE) Web site located at:
<http://www.cde.ca.gov/ci/cr/cf/ap2/lcsearch.asp>.

Approved material(s) will remain listed for six years. Districts may purchase materials from this approved list using either Proposition 20 Lottery Funds (estimated to be \$19 per ADA in 2008-09) or any Instructional Materials Funding Realignment Program (IMFRP) funds remaining after districts have purchased their required instructional materials. You can find more information regarding the IMFRP on the CDE Web site at
www.cde.ca.gov/ci/cr/cf/imfrpintro.asp.

If you should have any questions regarding this letter, please contact Nancy Plasencia at 916-319-0450 or by e-mail at nplasenc@cde.ca.gov.

Sincerely,

Veronica Aguila, Administrator
